IT IS FOALING SEASON FOR WILD HORSES PLEASE USE **CAUTION** IN THE AREA

If you are in the west country over the next few months, you may encounter Wild Horses with new foals.

Please slow down and be careful not to separate a mare from her foal. It may be lying in the bushes nearby.

Respect the horses by not getting too close or scaring them. Too many babies are lost this way.

Contact

If you come across an injured or abandoned foal, please reach out to the following contacts or email Help Alberta Wildies Society.
